Department of English

Program: Implementation of Best/Innovative Practices

Date: 28th January 2025 – 31st January 2025

Participants: I Year, II Semester Students

Brief Report: The Department of English is dedicated to fostering innovative teaching methodologies that enhance students' language proficiency. This initiative introduced three best practices aimed at improving English language skills through modern and community-based learning techniques.

1. Mobile-Based Learning & WhatsApp Micro-Lessons

- Short, interactive English lessons were shared via WhatsApp and other mobile-friendly platforms.
- Content included vocabulary tips, pronunciation exercises, quizzes, and simple reading tasks.
- Audio clips enabled students to improve their listening and speaking skills.
- This practice ensured continuous learning beyond the classroom and was particularly effective for students with limited access to high-speed internet.

2. Community-Based English Learning Circles

- Small peer-learning groups were formed to encourage spoken English practice in a comfortable and supportive environment.
- Student mentors facilitated discussions using storytelling, role-plays, and daily conversation activities.
- This method boosted students' confidence, enhanced collaboration, and reinforced practical communication skills.

3. Highlighting News Headlines and Enriching Content with Vocabulary

- English news headlines were used as pedagogical tools to enhance vocabulary and reading comprehension.
- Students engaged in discussions, breaking down complex news articles into simpler forms while learning new words in context.
- This activity improved their ability to understand current affairs while expanding their language skills dynamically.

Outcome & Impact

- Improved student engagement and participation in English learning.
- Increased confidence in spoken and written communication.
- Encouraged independent learning through mobile and peer-based strategies.
- Provided students with practical exposure to real-world English usage.

Conclusion

The implementation of these best practices demonstrated a significant positive impact on students' language skills. The Department of English aims to continue and refine these methods to further enhance the learning experience. Future plans include integrating AI-driven language tools and expanding peer mentorship programs for sustained learning.
