7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

The college follows the following best practices.

1. Learning by doing: Learning by doing is a more action oriented methodology when it comes to student learning. It helps the learners to acquire new skills and knowledge. It also develops their abilities and attitudes. Learners should be motivated to learn and to take part in the learning process. It is the process whereby students make sense of their experiences, especially those experiences in which they actively engage in making things and exploring the world. It is a pedagogical approach in which teachers seek to engage learners in more hands-on creative modes of learning.

2. Empowering the feminine gender

More than 80% of the students are from rural background enticed and brought up in the superstitious beliefs, ignorance, and discrimination. So it is essential to empower and mobilize the inner hidden potential of the feminine gender from the college days itself, so as to mould them into confident and sustainable individuals
